RECRUITMENT NOTICE

GRANT-FUNDED POSITION

POSITION: Geologist Specialist (Scientist II), Position #00406

LOCATION: Charlottesville, VA

STARTING SALARY: \$41,136

The Department of Mines, Minerals and Energy, Division of Mineral Resources is seeking a qualified individual to fill a grant-funded position supporting coal resource studies and the digital compilation of underground coal mine maps in Virginia. The responsibilities of this position include: working as part of a multidisciplinary team to develop an integrated stratigraphic and coal resource information system; digitally cataloging and georeferencing scanned underground mine maps and natural gas well logs; quality assurance/control analysis of coal point locations and stratigraphic data; preparation of maps in digital format; and developing and editing digital map data. Federal funding for this position extends for one (1) year following employment, although requests for additional one-year funding extensions are anticipated.

TO QUALIFY:

The ideal candidate will be highly motivated with a strong background working with digital geologic data, relational databases, geographic information systems (GIS) particularly Autodesk CAD and/or ESRI ArcGIS software. The individual will have excellent verbal communication skills and the ability to work both independently and cooperatively with other geoscientists to effectively organize and interpret geologic information. Experience in coal geology, digital mapping methods, and web-enabled map publishing are considered a plus. A BSc degree, or equivalent, in geological sciences from an accredited college or university is preferred.

TO APPLY:

All applications must be submitted on-line through the Commonwealth of Virginia Recruitment Management System <http://jobs.agencies.virginia.gov>.

For additional information: Telephone: (804) 692-3215; TTY/TTD: (800) 828-1120

ALL APPLICATIONS MUST BE RECEIVED ON-LINE BY 5:00 PM, FRIDAY, NOVEMBER 16, 2007
